British Universities Life Saving Clubs' Association Competition Manual: List of Amendments Seventh Edition Version 2

Preamble

The British Universities Life Saving Clubs' Association (hereafter BULSCA) Competition Manual contains the Rules, Standards and Procedures for BULSCA Sanctioned Competitions.

The BULSCA Competition Manual was originally drawn up with detailed consultation of:

- the International Lifesaving Federation (ILSF) World Championship Rules;
- the International Lifesaving Federation (ILSF) World Games Rules;
- the International Lifesaving Federation (ILSF) European Championship Rules;
- the Royal Lifesaving Society United Kingdom (RLSS UK) National Speed Championship Rules;
- the Royal Lifesaving Society United Kingdom (RLSS UK) National Lifesaving Championship Rules and Regulations;
- the Surf Lifesaving Association of Great Britain (SLSA (GB)) Competition Rulebook, version 4;
- the United States Lifeguard Association (USLA) Competition Rules;
- the Royal Lifesaving Society Australia (RLSSA) National Lifesaving Championship Rules and Regulations;
- minutes from the British Universities Lifesaving Clubs Association meetings;
- the Federation Internationale de Natation (FINA) rules and regulations;
- the Amateur Swimming Association (ASA) rules and regulations;
- the British University Sports Association (BUSA) Regulations; and
- Janet Castro (Convenor, UK College of Referees).

The rules are designed to comply with the latest revision of the ILSF World rules as far as practicable. The rules have been reviewed and changed slightly at the end of each University Lifesaving "season" and also at the mid-season break in January.

The BULSCA Annual General Meeting feels that this continual review and update is important in order to aid the progress of University Lifesaving, and Lifesaving as a sport.

The nature of University Lifesaving competitions, in particular their regularity, has allowed the authors to extensively review the rules on a frequent basis and hope that they now provide guidelines as clearly as possible for competing teams, whilst encouraging openness, fairness, and clarity during competitions.

This document contains the list of amendments from previous British Universities Life Saving Clubs' Association Competition Manuals.
