### ***Summary of discussion***

Michael arrived late.

...

Jared: Discussed at GM, D.D.&D. Is sometimes poorly received

Lee: Interesting , would like to know why

More general campaign in contract?

Jared: Links to RAG thought not to be easy due to various reasons

Michael: (See minutes). We can still submit RLSS, but seems unlikely to be accepted.

Andrea: Just applying and having the information on how to apply is enough for us to do it.

Lee: Don't have hard requirements in SLA, just exploring possibility with RAG at unions, using connections of BULSCA clubs.

Andrea: Any contacts or links are useful

Jared: Awards: We require awards for championships, but not league, please be aware.

Jared: Main challenge is quantifying/knowing exactly what is expected from clubs

Lee: seems reasonable. Want to make sure clubs are happy and taking part

Jared: GM seemed generally receptive

Lee: That's good, but we do need to show the board there is some progress. They might choose to take insurance, which we don't want

Jared: OK, so we need to keep track of what we have been doing. Could we have a half-way meeting so we can see if we're on track for targets?

Lee: Good idea

Andrea: Good if clubs take pictures, tweet, etc. Then there is evidence and we can see what's up.

Deadline of the 5th of March

Can't get new paperwork until the renewal date/deadline (for Tom).

Lee: Supporting sustainability

Comments about differences in rules and BULSCA's autonomy

Don't comply to RLSS rules.

Me: You're damn right

Lee: Might we worth talking together about differences in rules to get understanding

Lee: Long term, might want to try to bring this price in to BULSCA finances in case Trustees don't want to renew contract. Say, over rule differences.
